

## Principle 5: Risk Governance and Internal Control

### Risk Management

The Board of Directors is responsible for the governance of risk and ultimately responsible for the setting up and monitoring of the risk management process.

All significant areas are covered by appropriate and adequate internal controls and the internal controls are reviewed as and when required to cater for changes in the level of risks.

The Risk Management report is found on pages 104 to 123 of the Annual report.

### Whistleblowing Policy

MUA is committed to the highest possible standards of openness, integrity and accountability. In line with that commitment, MUA has implemented a Whistleblowing Policy, whereby an alternative reporting process is established for use by all employees in strict confidence, without the risk of subsequent retaliation, victimisation, discrimination or disadvantage.

The Whistleblowing Policy is available on the MUA's intranet and it has been designed in such a way to assist employees who have concerns about any aspect which involves malpractices or unethical issues, to come forward and voice out those concerns anonymously in writing or electronically via MUA's Whistleblowing Portal or verbally with their immediate supervisor/manager or their superior officer.

If for any reason, they feel that their immediate management is involved, employees are encouraged to approach a more senior level of management, e.g.: the designated person within the Internal Audit department, the Money Laundering Reporting Officer (depending on the nature of the complaint) or they may address their report to the Group CEO.
