

INVESTMENT OBJECTIVE AND STRATEGY

The fund's objective is to provide attractive capital appreciation over the long-term. To avoid excessive volatility over time, the strategy is to hold a mix of foreign assets, with a focus on managed funds invested into diversified equities, fixed income securities and currencies. The Manager follows a philosophy of active asset and geographical allocation, based on its expectation of global economic and market performances.

MAIN BENEFITS

- Optimized risk/return profile as a result of a broad diversification across regions and asset classes
- Combines the flexibility of investing in securities with a fund investment
- Offers a high level of transparency
